

### Charter School Administrative Office

Bully Soares, CIO of the Charter School Administrative Office is certified by the Charter School Administrative Office to approve technology plans for the Hawaii Public Charter Schools for participants in the Schools and Libraries program.

**Halau Ku Mana NCPCS** has a technology plan that meets the five required elements in the checklist below.

This technology plan covers the period starting on July 1, 2008 ending on June 30, 2011

#### *Required Elements Checklist*

Successful technology plans align the overall education or library service improvement objectives with the following five criteria.

To qualify as an approved technology plan for a Schools and Libraries Program discount, the plan must meet these criteria.

  X   The plan establishes clear goals and a realistic strategy for using telecommunications and information technology to improve education or library services.

  X   The plan has a professional development strategy to ensure that staff knows how to use these new technologies to improve education or library services.

  X   The plan includes an assessment of the telecommunication services, hardware, software, and other services that will be needed to improve education or library services.

  X   The plan provides a sufficient budget to acquire and support the non-discounted elements of the plan: the hardware, software, professional development and other services that will be needed to implement the strategy.

  X   The plan includes an evaluation process that enables the school or library to monitor progress toward the specified goals and make mid-course corrections in response to new developments and opportunities and they arise.

Name and Title of Approver : Bully Soares, Charter School Administrative Office Chief Information Officer
